The current weather reports are favorable for a good day of racing. The race will be held RAIN OR SHINE. Only electrical or thunder storms or sustained winds over 20 MPH at the start of the race will cancel the race.

THE QUESTION IS - Are you ready for the challenge? The flight of the Bulls is the third race in the Senior El Toro Series and can be one of the most demanding and challenging of the entire Senior Series. Are you ready for the challenge? This is NOT a Beginners race. Seniors will be scored separately for the 2012 series; however, this is an OPEN division race for El Toros and advanced Juniors are encouraged to sail along with the Seniors. Juniors and Seniors will be scored as one fleet for trophies.

Awards and snack/refreshment pot luck immediately after the last competitor finishes.

There is no charge for the event. However, donations of \$20 for senior racers would be appreciated to help offset Foster City application and power boat permit costs. No donation necessary for Junior racers.
