## Junior El Toro Sailors Rule

Lake Merritt was the place with 17 Junior El Toro's racing, five Seniors,

The Richmond Yacht Club Junior Program Advanced El Toro sailor/director Vaughn Seifers helped load the trailer and made sure the RYC Juniors were ready to sail against the Santa Cruz Yacht Club Junior Fleet. Vaughn is supporting his juniors while his new El Toro is being built. Both Junior programs are being helped by sailing with the other programs. The "away-games" help developed sailing skills, friendly competition between different clubs and has developed friendships up and down the bay area. Lake Merritt is the perfect venue for this gathering of different junior programs. Results to follow, (when some one sends them to me). Fred dominated the Senior group.

Next, another try at Richmond Yacht Club, February 2nd.
