This is the last Sunday

for El Toro's to race Richmond Yacht Club's Winter Series.
This may be a real Winter day. Weather progs show rain and wind!
But remember that previous weather forecasts have been terrible but we sailed all day in great conditions.

Do not give-up until Sunday Morning.

There are two things you will need to go to the El Toro web site to find.

- 1) The news Junior Schedule, the season ends with RYC El Toro Stampede
- 2) results from Lake Merritt and RYC

*

El Toro Sailors tend to be quiet, self confident and do not boast very much.
368 boats signed up for the 2016 Three Bridge Fiasco and 309 finished.
El Toro Sailors did very well and won many classes and finished in the top 10. But they will not tell anyone, so I have no report.

There is a great drone video of the El Toro fleet racing on Clear Lake taken by Chris Twirbutt, a professional drone-camera guy. It can be found on the El Toro web site, Norcalsailing.com and the Scuttlebut web site. It is very worth watching two or three times!
