This is the last Sunday for Lake Merritt SC Winter series

This may also be a real Winter day. Weather progs show any 1 kind of weather you want. So far the weather has changed every day. And the forecasts are doing the same.
Remember that Lake Merritt is an inland lake protected by land and many tall buildings. Windy days make great sailing conditions in flat water.

Do not give-up until Sunday Morning.

It is time to plan the BullShip. The entry forms are available on then El Toro web site.
It is in only two and one half weeks! Saturday March 26th

There are two thinks you will need to go to the El Toro web site to find.

1) The news Junior Schedule, the season ends with RYC El Toro Stampede

2) results from Lake Merritt and RYC

2016 Schedule, so far

BullShip **March 26**

Pinecrest Worlds 6-7

2017 Alameda Sailing Center

2018 Lake Yosemite

2019 Kaneohe Bay

2020 Clear Lake

There is a great drone video of the El Toro fleet racing on Clear Lake taken by Chris Twirbutt, a professional drone-camera guy. It can be found on the El Toro web site, Norcalsailing.com and the Scuttlebut web site. It is very worth watching two or three times!
